The STC-HPS Fall 2017 Conference and Affiliates Fair

The Fall Conference and Affiliates Fair of the STC-HPS will be held December 4–5, 2017, Lost Pines, TX

Meter Donations Needed for Science Teacher Workshops

STC-HPS is in need of CV-700 meters.

A French Canadian Radiation Protection Experience

If you can't make the HPS national meeting in Cleveland next July, consider the Canadian Radiation Protection Association (CRPA) meeting in Quebec City.

STC-HPS 2017 Fall Conference & Affiliates Fair!

**State of Texas Chapter of the HPS
2017 Fall Conference and Affiliates Fair
Bastrop, Texas**

Monday and Tuesday, December 4 and 5, 2017

Registration is now **OPEN** for the 2017 Fall Conference and Affiliates Fair!

R This year the Chapter meeting will be held in the lovely Lost Pines Resort outside of Bastrop, TX, which is just a short drive from Austin.

The meeting will be held all day Monday, Dec. 4 and 1/2 day Tuesday, Dec. 5. We're focusing this year's presentations on Emergency Management and Response. Our vendors will also be in attendance to help you meet all your radiological service needs. If you would like to give a presentation, please contact your President-Elect Latha Vasudevan at latha@tamu.edu for information.

We look forward to seeing you in December!

You can find the meeting information, including the registration link and link to reserve your hotel rooms here:
<http://events.constantcontact.com/register/event>

A block of rooms has been reserved for the conference for \$141/night for the nights of December 3 and 4. Make your reservations early to ensure this rate. It will only be available until November 16 or until the block is full.

The Executive Council meeting is tentatively scheduled for the evening of December 4, in the Lost Pines Resort.

**Hyatt Regency Lost Pines Resort and Spa
575 Hyatt Lost Pines Rd
Lost Pines, TX 78612**

Meter Donations Needed for Science Teacher Workshops

By: Kenneth Krieger

If you or someone you know has old CV-700 or other working survey meters, consider donating them to the National HPS for Science Teacher Workshops.

The HPS is holding Science Teacher Workshops for the waste management meeting, and we need some unwanted survey meters to provide to teachers for the work shop.

I would be willing to get the meters from you if you do not want to ship them to me. Please contact me if you have any meters you would like to donate, you can find my contact info on the STC website (<http://www.stc-hps.org/scienceteacher.htm>).

Thank You

A French Canadian Radiation Protection Experience: April 30–May 3, 2018

By: Scott M. "Nick" Nicholson, CIH, CHP, CSP
Former, CRPA Director for External Relations (May 2015–June 2017)

Can't make the HPS national meeting in Cleveland next July? Consider the Canadian Radiation Protection Association (CRPA) meeting in Quebec City at the Hilton in late Spring as a unique alternative. The theme for the 2018 conference is "Human Factors and Safety Culture." Quebec City is a beautiful European-looking city with many narrow streets and steep hills. Most of you would recognize the iconic Château Frontenac perched high on a bluff overlooking the Saint Lawrence River. The annual CRPA conference usually attracts between 80-120 radiation protection professionals and their awards banquet is much more informal than the HPS awards banquet. Grab your passport, some warm clothing, and be sure to sample some poutine, a rich Quebec dish made with french fries, gravy, and cheese curds.

All the final details haven't been decided yet, but [here is the web site where they will be posted](#).

Hope to see you there.

STC – Executive Council Meeting – Waco, TX
April 21, 2017

1) Persons in Attendance:

Amanda Sullivan
Susanne Savely
Jennifer Cerecero
Sandra Jimenez
Billie Harvey
William Pate
Ed Bailey
John Hrvojic
Janet Gutierrez
Tracy Tipping
Linda Morris
John Hageman
Jay Poston

2) Meeting Convened

Quorum established and meeting officially convened at 5:36 pm.

3) Approval of Minutes

Minutes of September 22, 2016 meeting distributed and reviewed by group. Motion to approve made by Suzanne Savely; Second by Jennifer Cerecero. Minutes were approved.

4) Reports Made

President – Susanne Savely (Past-President at of Apr 21, 2017)

Nomination Letters

Nomination letters were submitted on behalf of the STC for the following:

- Texas Radiation Advisory Board (TRAB) Nominations
 - William Pate
 - Jay Poston

- HPS Nominations
 - William Pate
 - Ali Simpkins
 - William Gordon
 - Ed Bailey
 - Ken Kreiger - Fellow

Elections were concluded and as of Apr 21st the following positions are now held by the people listed:

- Latha Vasudevan, President-elect
- Jay Poston, Treasurer-elect
- Janet Gutierrez, Board Member
- **Name Change from STC-HPS to State of Texas Chapter-HPS**

Bylaw Changes	
Abstention	2
Approve	35
Disapprove	1

Name change carried. Charter needs to be resubmitted to the National Group to institute the name change. Jennifer Cerecero will resubmit.

President-Elect /Program Committee – Amanda Sullivan (President as of Apr 21, 2017)

2016 Technical Meeting and Affiliates’ Fair – Clear Lake, TX

- 80 attendees
- Projected loss of ~\$1200, actual loss of \$1415.54)
- Meeting feedback – positive, good location, good food (although switch up the breakfast), good presentations, liked the two day format and meeting during the week.
- Expensive location

2017 Student Presentation Meeting

- 43 Attendees registered, expect final number to be 45-50.
- Meeting cost \$1246.50
- Expected gain of \$123.50

Admissions/Membership Committee Report - Amanda Sullivan, Membership Chair

 - h. Owens Scientific
 - i. Suntrac Services
2. Sending out reminder due notifications again in May
3. Will start working with Pres-Elect on planning Sept meeting with Affiliates

Student Assistance Committee Report – Linda Morris, Committee Chair

1. **Science Fairs** – The South Texas Chapter participated in two regional science and engineering fairs and the Texas Science and Engineering Fair. The winners are:

Austin Energy Regional Science Festival (Feb. 15-18, 2017): Meghana Karimiseetty and Reese Niemietz, Cedar Ridge High School, “The Effect of Anthocyanin in Sweet Potatoes on the Movement of *C. elegans* Exposed to Ultra Violet Light.” Reese followed up by submitting his complimentary membership application to the STC.

Science and Engineering Fair of Houston (Feb. 24-25, 2017):

Junior 1st: Samantha Supan*, 8th Grade, Space Center Intermediate, “Is My Kitty Litter Radioactive?”
 Junior 2nd: Sanjay Annamalai, 7th Grade, League City Intermediate, “Cell Phone Radiation.”

*Note: Samantha elected to join the STC as student member.

Texas Science and Engineering Fair (March 31-April 1, 2017):

Winner: David Yue, Jasper High School, Plano, TX, "Dose Reduction for CT."

The regional award winners were given a 7" X 9" plaque, a *Chart of the Nuclides*, and a one year complimentary student membership to the STC-HPS. The Texas winner received an 8" X 10" plaque, a \$50 check, and the student membership.

Thanks must be extended to our judges. They had *hundreds* of projects to sort through to find the ones related to radiation. Our gratitude is extended to:

Houston: Janet Gutierrez, Stan Bravenec, and Gamaliel Torres

Austin: Linda Morris

Texas State Fair: Cpt. Kent Fisher, US Army

2. **Education Grants for Associate Degree and Graduate Degree Students** – The applications are available in the *Billet*. The deadline for the applications is the end of May. Applicants must be members in good standing of the STC. The grant is for \$1000 per award. The Neff-Poston award will be made in the fall to an undergraduate Radiological Health Engineering student at Texas A&M University. This award is approximately \$1250.
3. **Student Paper Presentation** – Student presentations will be given tomorrow. As usual, there will be three levels of competition: Associate, Undergraduate, and Graduate. Two awards will be given at each level (1st - \$250, 2nd - \$100) unless the Executive Council decides otherwise.
4. **Student Travel Grants** – Assist students desiring to attend the national HPS meeting in North Carolina this summer. Students receiving national travel grants will be notified soon. The HPS covers lodging, registration, and is giving about \$350 to each student to cover cost of transportation. Please consider awarding a student additional funds to make up the difference between actual expenses and the awards. Forms are available to be passed out tomorrow. (The Executive Council approved the requested additional funds Apr 21, 2017)

Legislative Committee Report – Bobby Janecka

Legislation under consideration by Texas Legislature

SB 1330 by Seliger, Relating to funding for the operations of the Texas Low-Level Radioactive Waste Disposal Compact Commission.

Addresses funding for the Texas LLRW Compact Commission by correctly depositing fees collected to fund the Compact Commission into the appropriate revenue account.

Approved by Senate Committee, awaiting consideration by full Senate and House.

SB 1667 by Seliger (companion HB 3946 by Landgraf), Relating to the nature, funding, and functions of the Texas Low-Level Radioactive Waste Compact Commission.

Affirms the autonomy and authority of the Compact Commission as an independent entity, and limiting the oversight of the Texas Comptroller in disbursing funds appropriated from the state.

Approved by Senate Committee, awaiting consideration by full Senate and House.

HB 2662 by Landgraf (companion SB 1137 by Seliger), Relating to the Texas Low-Level Radioactive Waste Disposal Compact waste disposal facility.

Replaces the existing annual and total limits on non-party waste allowed to be disposed at WCS with a reserved disposal capacity for Texas and Vermont generators of 4 million cubic feet and 3 million curies (of which, Vermont is entitled to 20 percent).

Requires WCS to halt disposal of imports if the amount of waste disposed reached 80 percent of the currently built disposal cell or if a Texas or Vermont nuclear power generator executes a contract for decommissioning, until WCS either constructs an additional 1 million cubic feet of airspace to the disposal cell or deposits financial assurance with the state to construct that expansion.

Repeals volume reduction requirements for imported waste and certain statutory language that is now unnecessary, since it refers to requirements prior to opening the compact waste disposal facility.

Approved by House Committee, awaiting by consideration by full House and Senate.

HB 3977 by Frullo, Relating to continuing education requirements for a laser hair removal certificate or license.

Requires DSHS to establish rules setting CE requirements for licensed individuals.

Not yet heard by House Committee.

State Agency Rulemakings

No current draft or proposed rulemakings by DSHS.

One TCEQ rulemaking petition by the Texas Mining and Reclamation Association, Uranium Committee, has been approved but will not proceed with stakeholder discussion until after the conclusion of the Legislative Session (in late May/June).

Federal Agency Rulemakings

In January, EPA introduced a new proposed rulemaking for 40 CFR Part 192, regarding Health and Environmental Protection Standards for Uranium and Thorium Mill Tailings. Comments are due July 18, 2017.

EPA will host a public teleconference to solicit input on specific air and radiation actions that could be repealed, replaced, or modified to make them less burdensome on April 24, 2017 (this Monday!) from 10:00am to 1:00pm CDT.

The NRC has four rulemaking matters currently open for public comment regarding:

The NUHOMS EOS spent fuel storage case;

Regulatory improvements for power reactors transitioning to decommissioning (comments close June 13, 2017);

Non-power production or utilization facility license renewal (comments close June 13, 2017); and

Emergency preparedness requirements for small modular reactors (comments close June 27, 2017).

Three rulemakings that could establish new requirements are anticipated to be complete this fiscal year:

LLRW disposal rules update (Parts 20 and 61) have a current final rule publication date expected for June 15, 2017.

Medical use of byproduct material rules (Part 35) have a current final rule publication date expected for June 19, 2017.

Performance-based emergency core cooling system acceptance criteria rules (Part 50) have a current final rule publication date expected for June 30, 2017.

Miscellaneous Items

On April 18, 2017, WCS sent a letter to the NRC requesting that they temporarily suspend activity related to their application for a license to store spent nuclear fuel.

The trial in federal court in Delaware to consider the proposed acquisition of WCS by EnergySolutions will commence on April 24, 2017 and is expected to conclude by May 5, 2017.

On April 5, 2017, Holtec International submitted an application to the NRC for a license to store spent nuclear fuel at a proposed site in southeastern New Mexico.

Science Teachers Workshop Report - Ken Krieger, Science Teacher Workshop Coordinator

Do not know if everyone knows that I took the STC-STW to a new level. I asked and was given permission to use the STC-STW material as the basis for the STW that was requested by The Waste Management Symposium in Phoenix. ANS used to provide this but they were not able to do this anymore, so HPS national was asked to fill in and I knew we had a good workshop so volunteered to hold this workshop for HPS. I modified our materials to better fit their needs. And it was a very good success, and they are asking HPS to come back next year.

I am also trying to set up a workshop in OK sometime during the summer or Aug. if anyone want to help with this workshop please let me know.

I am trying to set up another workshop in the Houston Area. This one should be in the fall some time. Again if anyone wants to assist with this one, please let me know.

Public Relations Committee Report - Janet M Gutiérrez

- Billet Article Ideas
 - Student Science Fairs
 - Waco Meeting – New officers announced
 - STP Name change - if approved by Member Vote (Name change has been approved)
 - Scout Fair
- HPS Newsletter Article Ideas

5. New Business

Proposed 2017 Budget

ESTIMATED INCOME:

\$ 12,000 Dues, Donations, Account Interest, & Investment Income

PROJECTED EXPENSES:

\$ 12,500 TOTAL including:

\$ 7,050 Student Assistance

\$ 3,000- Three \$ 1,000 Educational Grants (include Undergraduates)

\$ 2,500 – Student Travel Grants (Increase of \$500)

\$ 1,050 – Three \$ 250 & three \$ 100 Research Paper Awards

\$ 500 – Science Fair Awards

\$ 1,000 Billet Preparation and Editing

\$ 1,500 Programs/Meetings*

\$ 1,400 Science Teacher Workshops

\$ 1,550 Administrative Expenses

\$ 750 – Bank, Post Office, Credit Card, and PayPal Charges

\$ 250 – Internet Host Fees

\$ 300 – Constant Contact Fees

\$ 150 – Plaques and Awards

\$ 100 – Miscellaneous

* This is estimated cost exceeding monies received from registration fees.

STC Name Change & Paperwork

Taxes – Annual taxes filed on time

Electronic Paperwork Transition – Propose to scan documents online to Google-docs. There are currently 11 boxes of old records in storage. Goo

Planning for:

- STC Breakfast or Happy Hour in Raleigh, NC – Took place Tuesday, July 11
- STC September Affiliates Fair, and
- Student presentation meeting in College Station Apr 2018

6. Adjournment

Motion to adjourn: Jay Poston

Second: Billie Harvey

Meeting adjourned.
